**IRRIGATION**

- **DRIPLOK CLIPS, CLIP-IT IRRIGATION, VINE CURLS, FITTINGS, VALVES, PIPE & GLUE**

  - **Netafim® Dripperline**
    Pressure compensating, efficient, short flow path resists clogging. Dripper spacing from 12” - 60”

  - **Netafim® Filter**
    Manual or automatic disc filters, automatic screen filters.

  - **Netafim® PC Dripper**
    Pressure compensated, 100% uniformity of water & nutrient distribution. Can be positioned where needed.

- **Poly Hose**
  All hose and tubing is fabricated from premium polyethylene resin, specially formulated to resist cracking and kinking, and to ensure longer term reliability.

- **Dosatron Injector**
  Water powered unit reduces energy costs, compensates for flow & pressure changes. Simple to use and maintain. Easy to adjust which allows for flexible dosage rates. Also available - Mobile Cart and Tank for us on different sites.

- **Mazzei Injectors**
  Percisely engineered for high-performance. Easy to install, uniform chemical injection, available in polypropylene or PVDF

**SPRAYERS**

- **Hand Held Sprayer**
  Lightweight battery-powered sprayer provides precise, low drift coverage.

- **SP1 4 Gal Backpack Sprayer**
  Ideal for applications of agrichemical, liquid fertilizer and other solutions. Diaphragm Style

- **Schaben® 12 Volt ATV 15 or 25 Gallon**
  15 or 25 gallon poly tank with handgun kit. 1.8 GPM Shurflo Pump. Bypass kit with pressure gauge. 8’ electrical cord with battery clip.

**CHEMICALS**

- **CONVENTIONAL & ORGANIC**

  - **FUNGICIDES**
    Flint, Sulfur DF, Rally, Luna Experience, Kocide 2000, Pristine, Stylet Oil, Quintec, Lime-Sulfur, Kaligreen

  - **INSECTICIDES**
    Admire, Assail, Pyganic, Surround, Stylet Oil, Nuprid Pro, Merit 2F

  - **HERBICIDES**
    Roundup, Barricade, Princep, Goal 2XL, Honcho

**FERTILIZERS**

- **DRY, LIQUID, BULK, CUSTOM BLENDS, ORGANIC & FOLIAR**

**FOLIAR PROGRAMS**

- **Organic BioLink Cal Plus**
- **Organic BioLink 3-3-3**
- **Organic BioLink Micronutrient**
- **Organic TRIGGRR®**

**ROOTING HORMONES**

- **Plant Success Granular**
  Plant Success containing mycorrhizal fungi that colonize roots and extend into the surrounding soil & increase the root’s ability to absorb water, nutrients, and

- **Plant Success Root Dip Gel**
  Root dip gel also contains root biostimulants and water holding gel that are very useful in getting root growth started and plants established.

**PRUNING/HARVESTING TOOLS**

- **Hand Pruners**
- **Loppers**
- **Saws**
- Replacement parts, blades, sharpeners, oil and more

**GROW TUBES**

- VinLok
- Vine Tubes
- Milk Carton

**TRAINING STAKES**

Available in wood, bamboo

**WOOD END POSTS**

- 8 FT
- 10 FT

**CENTER POSTS & STAKES**

- 8’ Crimped Edge
- T-Posts
- 8’ Wood Center Post

**ANCHORS**

- Earth Anchors
  - 4”x30” & 6”x36”

**VINEYARD WIRE**

- Spinning Jenny
- Galvanized high tensile strength, 100LB coil, 12.5 or 14 gauge

**FASTENERS**

- Wire-Vise
- Gripple Joiners
- In-line Wire Tightner

**HARDWARE**

- Spinning Jenny
- Galvanized high tensile strength, 100LB coil, 12.5 or 14 gauge

**VINE/TYING SUPPLIES**

- Prothec Pliers
  - Automatically tie & cut at the same time.
- Prothec System Ties
  - Biodegradable - 6 months to 3 years
  - Reliable: Different strengths for different uses
  - Protects and secures the plant
- Tapener Gun
  - 4x faster than hand tying
  - Light squeeze & release handle
  - For use with Tie Tape
